There are several ways and software available to enable using linux command line on a windows operating system. Here are a few examples:

Using putty - https://docs.aws.amazon.com/AWSEC2/latest/UserGuide/putty.html

    2. Installing Linux on Windows 10 - https://itsfoss.com/install-bash-on-windows/

    3. Using Gitbash - http://guides.beanstalkapp.com/version-control/git-on-windows.html

Installing Git bash - https://www.youtube.com/watch?v=rWboGsc6CqI
Ssh using gitbash - https://www.youtube.com/watch?v=dmUxzR0RNkg
